Built for life.

Welcome to Gade Homes, where timeless design, expert workmanship, and a high-quality finish come as standard. As an experienced, independent homebuilder, we know what really matters – and it's much more than just bricks and mortar.

We've been building houses in and around the Home Counties for over 65 years, establishing a reliable reputation that's built on honesty, integrity, and the solid foundations of a family-run business.

A Gade home is thoughtfully built for life. We build with materials that tell a story, reduce carbon consumption through design and enhance the surrounding environment. Inside every room, every detail matters – from plentiful dimensions to a high-spec finish. Take your time to look around and discover a home that's built for life.
