IF YOU LIVED HERE...

To the right of your spacious hallway, you'll find an impressive 24-foot living room illuminated by dual-aspect windows. South facing, a bay window framed in plantation shutters to the front captures the sunlight throughout the day, while double doors at the rear open directly onto your garden. A beautifully preserved mantelpiece surrounds an ornamental fireplace with a marble hearth, adding a touch of elegance, and the original floorboards flow warmly throughout, enhancing the room's character.

The kitchen-diner extends nearly 20 feet, featuring windows on two sides that offer lovely views of the outdoors. Gunmetal grey cabinetry with sophisticated copper handles offer plenty of stylish storage and thick wooden worktops ample preparation space.

Tucked away is a cleverly designed downstairs WC featuring an ingenious space-saving sink positioned above the toilet and fitted snugly into its own tiled recess.

Head upstairs to find the first bedroom, the largest on this floor, which boasts a bay window bathed in light throughout the day. With 224.51 square feet of space, plantation shutters, and soft dark blue walls that complement the plush carpeting, this room offers endless possibilities for relaxation. The second bedroom is also a generous double, covering 134.55 square feet, while the third, at 72.20 square feet, could easily serve as a home office.

The family bathroom features a bath-shower combination, a sleek white suite, a cabinet-mounted basin, and dark wood flooring for a touch of sophistication.

The loft has been transformed into a stunning, light-filled area of 276.66 square feet with two Velux windows, eaves storage and double doors opening onto a Juliet balcony for airflow. The ensuite bathroom continues the theme of luxury with dark floorboards, rich teal walls, and a pristine white suite featuring a dedicated shower with a rain head for a spa-like experience.

The outdoor space extends over 51.6 feet and is designed for low maintenance with a combination of paving and decking. There's ample room to arrange pots and adapt the space according to the seasons. The garage, accessible from the street as well as the garden, offers peace of mind and even more practical storage.

A WORD FROM THE EXPERT...

"For me it's the sheer variety you find in each pocket of Walthamstow that makes working and socialising here so enjoyable. Whether it's having a coffee from Perky Blenders, going for a Sunday morning walk in Epping Forest, dropping into one of the local breweries in Blackhorse Road, or catching up with friends in Lloyd Park, the growth and positive changes within E17 have been incredible in recent years."
