Levendale Road is a popular road (known for being a short road with ornate period properties) in proximity of highly acclaimed local schools several of which are OFSTED rated "Outstanding" making this house an ideal opportunity for a young family.

The house is visually striking from the front featuring a small and well-presented front garden, bay window on both ground and first floor as well as a gable end which is a nice ornate feature.

The house offers over 1340 sq ft and has a particularly spacious feeling on the ground floor. This is due to the connection between the rooms and the semi open plan feeling it creates. There is potential to extend and add more floor space subject to any consents required. It may also be possible to extend without the need for planning consent. Permitted development rights offer lots of potential for extensions and we advise buyers to consult with a specialist to understand the possibilities.

The accommodation is split over three floors of the house making the rooms generous in size and layout.

The house offers some wonderful features such as period style fireplaces, picture rails, bay windows, coving and panelled doors.

The property offers two complete washrooms which is great for the growing family.

Outside at the rear, the private garden spans approximately 54 ft in length and is southerly facing. Being set on a residential road away from busy road, the current owners enjoy the how quiet the garden is and see this as an asset of the house.
