All The Ingredients Needed For A Fabulous Lifestyle

A charming two bedroom character cottage set overlooking Mid Herts Golf Course. The property has been modernised over recent years but retains many features, including wooden beams a log burning stove and exposed floorboards. To the rear is a refitted DeVol hand-built kitchen with double glazed Crittall windows and doors overlooking the private garden. There is a downstairs utility /shower room and an upstairs bathroom. To the front there is parking for two cars. This is an informal arrangement with the golf club and neighbouring cottages. The Cross Keys pub is only a short walk away. Wheathampstead is a thriving village surrounded by rolling countryside yet close to all major communication links including the Thameslink railway station less than three miles away in Harpenden. There are three primary schools within the village. The new Katherine Warington senior school is less than three miles away.
