Offered with no onward chain, this spacious and well presented penthouse apartment is set out as a duplex on two floors. A large internal floor area of over 1,200 square feet (113m²) features an impressive open plan upper living area with Velux windows inviting plenty of natural light into the property.

The living accommodation is situated on the upper level, while at entrance level there are three well proportioned bedrooms, the master bedroom with en-suite shower room, and large bathroom/WC.

Playing a large part in the history of Bollington, Clarence Mill is a former textile mill and a splendid structure standing by the side of the Macclesfield Canal. The upper floors were converted into stylish apartments in 2002, displaying many of the original architectural features expected with this type of dwelling. The apartments effectively combine the building's history with modern fittings to create superb homes for contemporary living.

The beautiful countryside within which Bollington sits is easily accessible for walking and other leisure pursuits. Manchester Airport and the North West motorway network are approximately 11 miles away.
