Price Guide £775,000

This is a rare opportunity to acquire this beautiful and charming home situated in a prime village location, offering an exceptional blend of character, combined with modern day comforts.

Roydon Green Cottage is set within beautiful mature gardens spanning approximately a third of an acre, offering a sense of privacy and tranquillity, overlooking the pretty village green.

Location

Roydon is a highly sought after commuter village set on the Hertfordshire/Essex border which boasts plenty of village amenities. The pretty village green is bordered by attractive period homes, of which Roydon Green Cottage is one. A small High Street runs through the village, offering a convenience store/post office, chemist, two pubs/restaurants, a regarded Primary School and a main-line station. There is also a well-used recreation field and tennis club, open countryside on your doorstep and beautiful walks along the River Stort towpath. The property is ideally located, just a short distance from Roydon train station serving London Liverpool Street in approximately 33 minutes and Stratford in around 40 minutes. Services to Tottenham Hale can take as little as 16 minutes providing a fast connection to the Victoria Line Underground. Services to Bishops Stortford for connections to London Stansted Airport take around 18 minutes and an hourly service to Cambridge takes approximately 55 minutes. The M11, M25 and the A10 are also within a comfortable distance for travel by road.

The Property

This attractive cottage was built in the mid 1930's and still retains many features of the period, including the lovely, high handle doors throughout most of the house. The current owners have thoughtfully improved the property during their ownership, including the installation of bespoke double glazing that retains the integrity of the property's era. Full gas fired central heating also features throughout. The home has been further enhanced by ample driveway parking for several vehicles, providing both convenience and practicality.

The stunning gardens measure around a third of an acre and are a stand-out feature, providing a wonderful balance of privacy and fabulous outdoor space. Full of interest, with well-tended lawns, interspersed with various seating areas, mature trees and an abundance of planting provide colour and interest throughout the year. Additionally, the property features a substantial summerhouse, that can have a variety of uses and currently utilised as a 'home office' and workspace.

Follow the garden path and it will lead you to the vegetable plot and the historic brick built 'potting sheds' beyond. Proceed through a door and you emerge in the 'secret garden'. It feels very private, secluded and peaceful here and these buildings, believed to date back to the 1800's, offer significant potential for development (subject to the usual planning permissions)
