SUMMARY

The Enclosure presents a rare opportunity to purchase a contemporary modern 4 bedroom Barn Conversion in the grounds of Arches Hall Stud which has been used over many years as a private stud farm. The property is located towards the end of a quiet country road, which finishes at the peaceful hamlet of Latchford. This location, whilst allowing a great degree of seclusion is a short drive from the A120, providing fast access to the M11 and hence good transport links the M25 and Stansted Airport. There are also a choice of mainline stations in the vicinity with speedy links to central London. Schooling is excellent with many private and public schools to choose from locally.

The property has been converted to an exceptionally high standard. There are integrated blinds to all doors and windows and solar controlled electric velux roof blinds. All flooring, both internal and external is porcelain, with oil fired underfloor heating to ground floor with individual room stats and conventional radiators to the upper floor.

Negative pressure construction has been used to achieve a high U value and all internal doors are of solid soundproof construction. The windows to the south elevation have been double glazed with smoked glass and all windows are tilt and turn operation. Low energy lighting is present throughout.

The property has been fully wired for full data connection with super fast fibre optic broadband available if required.

This is a fabulous unique property set in an idyllic location and must be viewed to be truly appreciated.
