What the owner says:

"This house has been the perfect first family home for us and we have spent four of our best years together here! It has (in our opinion) the most perfect view in Brighton of the South Downs and the sea, and has every local amenity you could possibly need.

Our favourite thing about the house is definitely the view! Nothing beats a morning cuppa looking out across the unspoiled South Downs from the living room and main bedroom. We have great natural light all around the house and a spacious living space which has been ideal for our growing family. When we have needed to work from home, we have found our time very productive and have always felt creative and inspired by the amazing view.

We are in a great location and love how close we are to Brighton's city centre, but far enough away that we have peace and quiet. We never miss the big events and feel it's the best of both worlds!

Another great point about living here is the country walks, all of which are on our door step and easily accessible. Our dog has certainly loved his time here!

With our family growing we have sadly outgrown the house and we will miss it immensely, but hope that it will give the next owner as many amazing memories as it has brought us!"
