What the owner says:

"We've really loved having the house in Bear Road. We were immediately attracted by the garden which is a good size for the city and is so quiet and tranquil being behind the house and backed by other gardens. At the front there is also a view of mature trees and a sense of space. The house is close to local amenities, schools and transport. Our daughter lived there later and found it very easy for the university and going to work. We were also attracted by the potential that the house had for adding another bedroom in the roof because a number of other houses in the road have done this. We didn't do it in the end but it would be great to do that at some point. The neighbours are friendly and helpful and we'll be sorry to sell but the family have moved away now and we've decided to follow them!!"
