## PARTICULARS OF SALE

Just yards from the harbour-side and down a small ginnel which serves the properties, the former fishermen's cottages of Primitive Methodist Chapel Yard have been stripped backed completely and have been fully renovated and refurbished to provide modern, generously proportioned accommodation ideal suited for holiday use.

Each property is of a similar size and layout, totalling approximately 750 sq ft with the accommodation over 3 floors. The elevated position does mean that there are a number of steps, but once these steps have been negotiated the position is certainly one to enjoy.

All the properties benefit from gas central heating throughout, uPVC double glazing and some integral appliances within the kitchen units. The developers have even gone that extra step to include multi-fuel stoves in the open plan lounge area

The bedrooms are all good sized doubles on the 1<sup>st</sup> and 2<sup>nd</sup> floor of the cottages, with the bathrooms, which are on the 1st floor also being of generous proportions and include both separate shower cubicles and baths.

Each property has the benefit of a porch to off-load coats and shoes on those less than nice days whilst to the rear they also have an outside store which should prove very useful.

Individual paved patio areas to the front of each cottage ensure that each property has somewhere to sit out and enjoy the westerly aspect, a real suntrap for most of the day.

As has been mentioned the cottages are just off the harbour-side and a short walk from all the amenities that Whitby has to offer with pubs, restaurants and the shops of the cobbled streets of the old town a short walk away. There is a public car park and on-street parking just yards away.
