PARTICULARS OF SALE.

This ground floor flat is in need of some refurbishment and upgrading, but it offers the opportunity for an affordable first home, bolthole or investment (holiday letting is not allowed in the block). High ceilings and tall windows allow light to flood in giving a light and airy feel to the room, whilst the property benefits from some uPVC double glazing and relatively recently installed new gas central heating boiler. The flat is close to all local amenities and attractions of the West Cliff, whilst the town centre, shops and amenities are only a short walk.

From the pavement, steps rise up to the traditional, communal front door which opens into a split-level hallway with stairs and a storage cupboard.

The entrance door opens into a hallway with panel door leads into ...

Living Room: With a large bay window with uPVC double glazing to the front of the building, coving to the ceiling, and picture rail. There is central fireplace with ornate moulded surround and inset electric fire.

Bedroom: Finished in an ornate style with plaster panels, feature wall mouldings and ceiling rose. There is a range of fitted wardrobes and window to the rear

Shower Room: With modern white suite comprising low flush WC, a wash hand basin and a shower with electric shower fitment. The shower room has an extractor fan.

Kitchen: Having a range of base units with pine fronts with laminated working surface and inset stainless steel sink unit, tiled splash-backs and matching wall cupboards over. The Ideal gas central heating boiler is situated here whilst there is a window to the rear and door to the communal yard.

Outside

There is a narrow forecourt area in front of the property and a yard to the rear that is shared by all the flats in the buildings.
