The property occupies a most idyllic location within the sought after and picturesque Peak District hamlet of Milldale. Originally believed to have been two cottages - 'Dove Cottage' and 'Chapel Cottage' - the property now offers flexible two/three bedroomed well proportioned accommodation. It has been extensively and very sympathetically restored/conserved between June 2018 and February 2019. It has carefully retained many fine original features which are complemented by the comforts of modern day living. The extensive refurbishment programme includes: a high specification bespoke oak kitchen; new bathroom suite; an extension to provide a ground floor wet room; substantial newly built stone outbuilding/home office; re-wiring; new plumbing and the fitting of high performance German 'Elkatherm' electric heaters; and a complete re-roofing using original rosemary tiles. There is also a large bespoke shed. Attention to detail includes the sourcing and fitting of fixtures such as electrical 'dolly' switches, Suffolk door latches, brass taps etc.

The versatile accommodation briefly comprises: reception/dining room; utility room/larder; wet room; third bedroom/office; superb breakfast kitchen and sitting room with feature fireplace and Clearview wood burning stove. On the first floor there are two double bedrooms and a family bathroom with roll top bath and separate shower cubicle. The property stands on a generous wrap-around plot with lawns and many pleasant, strategically placed seating areas. It is of note that the garden itself is laid out to achieve an easy-to-maintain garden that is a haven for wildlife – this includes many species of native wildflowers, shrubs and small trees. The driveway provides ample parking for several vehicles, together with a turning area, and a new high specification stone built outbuilding/home office.

Likely to suit a variety of buyers including: families, professionals and couples with the option of working from home; walkers and those enjoying a variety of outdoor activities; plus active retirees.
