A rare opportunity to acquire a plot of land in Oulton Broad a sought-after residential area. Offering excellent potential for future development (subject to the necessary planning permissions), this site presents a fantastic prospect for investors, builders, or anyone looking to create their own bespoke home.

Currently, the plot houses a large workshop, providing immediate use or scope for redevelopment. The site has previously been affected by Japanese knotweed, however it has been professionally treated, and a management plan is in place, giving buyers added reassurance moving forward.

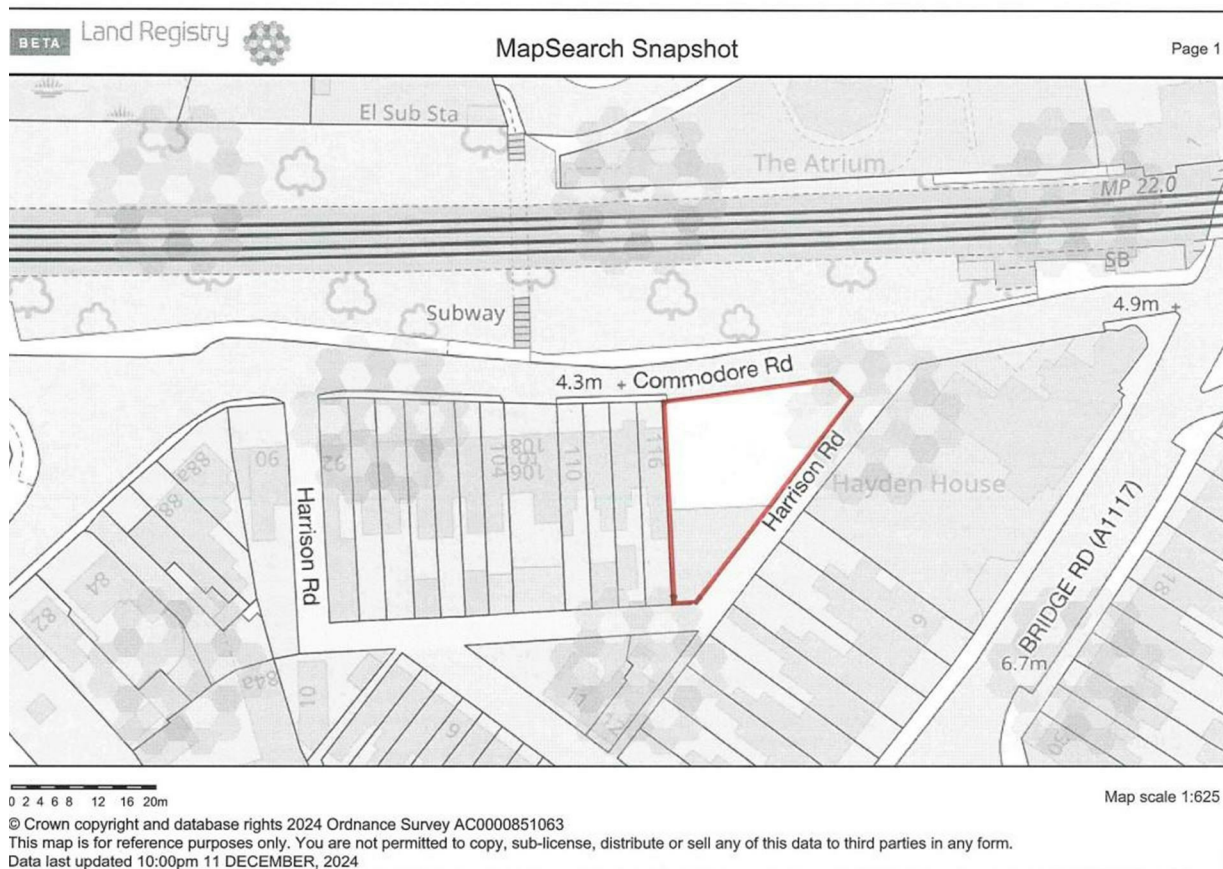

Opportunities in this location are seldom available, making this a standout chance to secure land in a prime and well-established area.

NOTE : Japanese Knotweed is present and there has been a programme of eradication of this.
