PROPERTY DESCRIPTION

The attention to detail when it comes to the upkeep of this family home is genuinely impressive, over their tenureship the current owners have replaced all the windows, reglazed the conservatory, replaced all the cladding, replaced the heating system & boiler, installed a new kitchen, refreshed the two bathrooms upstairs, installed a new bathroom on the ground floor, put down new carpets, and redecorated. The kitchen space to the rear is the beating heart of the house; modern gloss white units contrast against black granite worktops, for a modern finish, and integrated appliances such as the Cuisine master range, Glenn Diplex microwave, Quooker hot and cold tap with the Qube sparkling water function, and a lamona drinks fridge. The conservatory provides a warm and sunny spot all year round, this is a new addition added by the current owners. A ground floor bedroom with en-suite shower room is currently being used as a home gym / office; but would perfectly suit a downsizer looking for future proofing RE mobility, or could be used as a treatment room with access via the side gate. The garage has been converted into a utility room in a manner that would make the transition back to garage pain free, and is home to all the relatively new heating system equipment. The front room provides a warm and welcoming space for hosting all year round. Upstairs you will find four further bedrooms, one on each corner of the house, the largest of which benefits from ample built in storage, as well as a well presented en-suite. The remaining three bedrooms are all doubles, and benefit from use of the family bath & shower room. The loft is boarded for further storage. The house is currently fitted with a state of the art Veri-sure security system.
