A beautiful mid terraced Edwardian home with a good sized garden set on a lane side location surrounded by the countryside. The property dates back to 1907 and has been a home to our seller for the last six years, during this time the property has been sympathetically modernised keeping traditional features such as the double glazed sash windows, Victorian style fireplace and high ceilings. The accommodation is arranged over three floors and enjoys the beautiful Wiltshire countryside from every window. A viewing is highly recommended to appreciate the space and location.

In brief, the ground floor accommodation consists of welcoming entrance hall, sitting room with bay window and a fireplace, dining room with a fireplace housing a burner and the kitchen which has some integrated appliances. Attached to the kitchen and accessed externally is a gardeners WC which also houses the boiler and washing machine. On the first floor there is a new stylish family bathroom and two double bedrooms. On the second floor there is a large master bedroom boasting a double outlook and an en-suite shower room. Outside there is an enclosed front garden and to the rear is a long garden partly laid to lawn and paved sun terrace. There is also sufficient space to park two cars at the end of the garden and a large outbuilding with provisions for electricity.
