Westwood House
Thurnham Lane
Maidstone, Kent
ME14 4QZ

DESCRIPTION

Well presented detached family house situated on this popular development on the outskirts of Bearsted with en-suite and family bathroom, integral garage and driveway for additional parking. The accommodation benefits from gas fired central heating and UPVC replacement double glazing and newly fitted carpet.

The Downswood development offers an excellent selection of local amenities including shops providing for everyday needs, community centre, pre-school and the aforementioned Len Valley Nature Reserve, which includes the lake at Mallards Way, which in turn provides access to Mote Park with it's 450 acres, boating lake, leisure centre and municipal swimming pool. The adjacent village Bearsted, offers a wider selection of local amenities including a highly regarded infant and junior school at Madginford together with a further selection of shops, medical centre, chemist and mainline railway station connected to London on the Victoria Line. Maidstone the County town is some two miles distant and offers an excellent selection of amenities including two museums, theatre, County library, multi-screen cinema and two further railway stations connected to London. There is a wider selection of schools for older children in and around the town centre. The M20/M2/M25 and M26 motorways are also close by and offer direct vehicular access to both London and the Channel Ports.

Type of assessment: RdSAP, existing dwelling
Total floor area: 104 m²

Use this document to:

- Compare current ratings of properties to see which properties are more energy efficient
- Find out how you can save energy and money by installing improvement measures

Estimated energy costs of dwelling for 3 years:	£ 3,096
Over 3 years you could save	£ 801

Estimated energy costs of this home			
	Current costs	Potential costs	Potential future savings
Lighting	£ 315 over 3 years	£ 213 over 3 years	
Heating	£ 2,304 over 3 years	£ 1,863 over 3 years	
Hot Water	£ 477 over 3 years	£ 219 over 3 years	
Totals	£ 3,096	£ 2,295	

These figures show how much the average household would spend in this property for heating, lighting and hot water and is not based on energy used by individual households. This excludes energy use for running appliances like TVs, computers and cookers, and electricity generated by microgeneration.

Energy Efficiency Rating		
<p>Very energy efficient - lower running costs</p> <p>(92 plus) A</p> <p>(81-91) B</p> <p>(69-80) C</p> <p>(55-68) D</p> <p>(39-54) E</p> <p>(21-38) F</p> <p>(1-20) G</p> <p>Not energy efficient - higher running costs</p>	<p>Current</p> <p>62</p>	<p>Potential</p> <p>80</p>
<p>The graph shows the current energy efficiency of your home.</p> <p>The higher the rating the lower your fuel bills are likely to be.</p> <p>The potential rating shows the effect of undertaking the recommendations on page 3.</p> <p>The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60).</p> <p>The EPC rating shown here is based on standard assumptions about occupancy and energy use and may not reflect how energy is consumed by individual occupants.</p>		

Top actions you can take to save money and make your home more efficient		
Recommended measures	Indicative cost	Typical savings over 3 years
1 Floor insulation (solid floor)	£4,000 - £6,000	£ 231
2 Low energy lighting for all fixed outlets	£40	£ 84
3 Heating controls (room thermostat)	£350 - £450	£ 135

See page 3 for a full list of recommendations for this property.
