

King's Meadow
Leadenham

MOUNT & MINSTER

DESCRIPTION

King's Meadow, by multi-award winning Glenrowan Homes, is a premium and hugely anticipated development of 25 exclusive homes that offer a little bit more than your standard new build. Firstly, the location is enviable. Situated in an area the Times national newspaper recently recognised as one of the 'Best Places to Live', the Lincolnshire Cliff Villages offer charm, prominence and some of the prettiest and most aesthetically pleasing private residences in the UK. With the convenience of local main line station to London located at nearby Newark and Grantham, the latter takes just 1 hour to Kings Cross.

The beautiful homes that are being constructed are of a premium quality, offering the discerning buyer the best of both worlds; modern and efficient construction methods with a focus on larger, open-plan kitchens with high-quality kitchens and bathrooms that are far superior to most others (with the opportunity to choose your own bespoke options), while also successfully incorporating the character and grace that defines the area and surrounding countryside.

The Kensington is the most affordable option to acquire one of the more opulent detached properties on the development, which still manages to incorporate the same high-end finish that the larger residences offer. This includes a large, open-plan 'Symphony' kitchen with French doors leading out to the garden, a large utility room and downstairs cloakroom, a lounge just off the entrance hall, with stairs leading up to three generous bedrooms and two luxury bathrooms, including an ensuite to the master.

Additional features include integrated appliances, air source heat pump with a complimentary three year remote access link, a Juliet balcony in the master bedroom, lawned garden with paved patio and a side gate leading out to the tarmac driveway and timber framed car port.
