An exciting opportunity to create a wonderful house and gardens within this desirable Cotswold village. This former family home which has been in the same ownership for over 60 years, now has planning permission to extend and refurbish to create a fantastic family residence on a stunning plot extending to approx. half an acre and frontage onto the trout filled Blockley Brook. The house itself could be renovated to have a lovely five bedroom family home but the planning permission gives someone scope to create a really outstanding feature home similar to those in the neighbourhood.

### **BLOCKLEY**

is situated midway between the Cotswold market towns of Moreton-in-Marsh and Chipping Campden. Historically, Blockley was a centre for the silk industry in the 18th and 19th centuries, harnessing the water from Blockley Brook which flows through the centre of the village. There is a shop and café with fine dining in the evening, two pubs, sports club, fitness gym, primary school and numerous societies in the village. Nearby Moreton-in-Marsh, is the world renowned Batsford Arboretum and is well served with shops, supermarkets, doctor's and dentist surgeries, and mainline train service to London Paddington. Longborough is also close by with their annual opera season.

### **ACCOMMODATION**

The driveway entrance sweeps into the front of the property, and there is planning permission to recite the double garage to the front. The beautiful solid wood front door opens into the hallway with the original parquet flooring. The ground floor currently consists of a study, large sitting room with beautiful feature fireplace, kitchen/breakfast room, and cloakroom. On the first floor there are four bedrooms and the family bathroom. On the top floor a further bedroom and storage space. The garden is a real feature of this property extending to some half an acre with steps leading down to beautiful mature trees an Blockley brook with its waterfalls and resident trout for those keen anglers amongst you.

Planning permission was granted on 12 December 2022 under planning ref 22/01757/FUL. This would create a stunning home of over 4,300 SQFT.
