The property has a remarkable and particularly lovely garden to the front. This garden is very low maintenance with level lawn and pathway around either side of the property.

REAR GARDENS

The rear garden is quite simply amazing, it is of a particularly good size and once again is relatively level. Running to the rear of the home is a good sized paved patio/sitting out area which provides an ideal location similar to the neighbouring property for a large conservatory if so desired. The gardens are well boundaryed and have long distance views over open fields. The gardens are principally lawned to the rear with mature shrubbery and at the head of the garden there is a further paved sitting out.

ESTIMATED END VALUE

The property is of a good size and is in a particularly pleasant location, it does require some upgrading as can be seen throughout this sales brochure however, interested parties should consider the value of the home when upgraded and perhaps also when extended i.e conservatory or garden room of which there is ample space. We anticipate upgrading of the current layout that the value be £420,000-£440,000 and with extensions/conservatory the price to be significantly more.

ADDITIONAL INFORMATION

It should be noted that the property has gas fired central heating, double glazing, external lighting. Carpets, curtains and certain other extras may be available via separate negation.
