THE BARN

This delightful stone built, beautiful Yorkshire stone and sits predominantly under a Yorkshire stone slate roof. The main barn has been used extensively as workshop facilities for many years in conjunction with the adjacent bungalow which sits behind the barn. The barn has a wonderful array of period features throughout, including stone flag floors, delightful window openings, some of which are blocked and delightful former door openings once again, some of which are blocked and ripe for re-opening, wonderful beams and timbers are on display. Throughout the barn has a two storey accommodation in its principal area, with two loft areas to either side of the twin timber door. There are three adjoining large garage / store areas and the barn has an approximate 1800 square foot. With a delightful yard area with broad road frontage to Station Road with stone gate posts, this area provides a large amount of parking and turning space all of which is hard surfaced and provides a great deal of potential.
