"Vlietland" is a classic Dutch Klipper-style barge that offers a fantastic project opportunity for those looking to create a unique liveaboard vessel. Although the interior requires a full refit, the hull has recently undergone extensive work, with approximately £80,000 spent on repairs, including complete over-plating in 6mm steel, ensuring its structural integrity for years to come. With the hull in excellent condition, this boat provides a solid foundation for a complete transformation into a stunning houseboat. The survey report is available upon request for more details on the recent work completed.
