With great delight, Phillipmann Estate Agents presents this recently remodelled semi-detached home in a sought-after Seaford area that's accessible to major bus routes, stores, and educational institutions.

This specific property has a huge living area, a large garden, and off-road parking. There is a sizable garage that is mostly used for storage, side access to the back of the property, and a driveway that can accommodate a large automobile as you approach the property.

As you enter, you'll find a porch area with a storage cabinet, coat and shoe storage, and other space. Past there, there's an expansive, open living area with lots of seats, outlets, and space for a dining table and additional chairs. Additionally, there is storage under the stairs.

There is a dining area that is now being used as an office, but it has tilt and slide doors leading out to the garden and could easily accommodate a large dining table and several chairs.

This year's renovations to the kitchen include base and wall-hung cabinets, space for a dishwasher, a laundry machine and dryer, plenty of countertop space, a composite kitchen sink, oven space, and an extractor fan. There is a door on the side that leads to the garden as well. Ascending the stairs, bedroom three is to your right when you get there.

This roomy double bedroom has several outlets, room for a sizable wardrobe, a chest of drawers, and space for a bedside table.

The next room down the corridor is the master bedroom, a spacious area with a view of the front that accommodates a super king bed, numerous wardrobes, a chest of drawers, bedside tables, and various outlets.

The second bedroom is a large double room with built-in storage space, room for a chest of drawers, and numerous outlets. The bathroom is a stunning room of the property that was installed by the current owners and this includes, a large wet room style shower, 12 Jet Jacuzzi bath, double sink unit, electric controlled shower and an enclosed W/C.
