The Property

Believed to date back to the 1970s, this exceptionally spacious, detached bungalow has brick-faced cavity walls under a concrete-tiled roof and has an L-shaped configuration with four double bedrooms and a sitting room or fifth double bedroom, all positioned in the side wing, with large windows in each of these rooms presenting lovely views across open fields adjacent.

The two reception rooms are semi-open plan at the rear and overlook the large main garden with patio door out, while the very spacious dining kitchen is at the front. Long hallways lead to the bedrooms and there is a wet room with easy access shower and a cloakroom/WC off the reception area of the hall. To the rear of the garage is the utility room where the central heating boiler is located. The integral double garage is also larger than average with a shower room at the rear and could be converted to even more accommodation, subject to any necessary consent from the local authority.

The windows are uPVC double glazed with complementary white fascia boards and soffits. Heating is by an oil-fired central heating system and an electric fire to the lounge fireplace.

The in/out driveway provides ample parking space for a number of vehicles, with gated vehicular access into the large, main rear garden, which extends across, behind the neighbouring property to one side.

Accommodation

The main entrance is at the front of the property where a white uPVC double-glazed door with an outside light over, opens into a spacious **entrance hall** of L shape with **long inner hallway** leading off to the bedroom wing at the rear.

There is a radiator, coving to the ceiling, a handrail to one side and double doors to a large, built-in linen cupboard with slatted shelving. Three ceiling light points and smoke alarm, central heating thermostat, door chimes and trap access to the roof void.

White six-panel doors lead off the front hall to the reception rooms, the wet room and a **cloakroom/WC** which has a white suite of low-level, dual-flush WC and corner wash hand basin with tiled splash-back.

The **lounge** is positioned at the rear of the property and is semi-open plan with the **dining room** adjacent, through a wide, arched opening with double-glazed patio doors from the lounge onto the rear patio and garden and a wide window in the dining room, overlooking the garden. These rooms have two double radiators and in the lounge, there is a polished stone, pillared fireplace with hearth, mantel shelf and an inset electric coal-effect fire. The ceilings are coved with two three-branch ceiling lights operating on dimmer switches and there is a TV point to the corner of the lounge.

At the front of the bungalow, there is a large **dining kitchen** fitted with a range of birch-style units comprising base cupboards, drawer unit with deep pan drawers, wall cupboards, tall, shelved larder cupboard, wine rack and a metal shutter-door cabinet. There are extensive roll-edge, granite-effect work surfaces with ceramic-tile splash-backs extending to high level and these extend to form a shaped peninsula dining bar on tubular legs. There is a wide window on the front elevation with roller blind and tiled sill above a stainless steel, one and a half bowl sink unit with lever mixer tap.

A tall unit houses the stainless steel and Neff double oven with grill and there is a separate Gorenje induction hob with a stainless steel Gorenje cooker hood over. This room has a light-coloured, marble-style ceramic-tiled floor, a radiator, diagonally panelled ceiling with inset spotlights, smoke alarm and space with plumbing for washing machine, together with a large recess with a Samsung American-style fridge/freezer. There is also a Bosch Classix full-size dishwasher.

There is a connecting door from the kitchen into the double garage and from here, a door opens into the **boiler/utility room** which is a good size with a Grant oil-fired central heating boiler, a ceramic Belfast sink on tubular supports with tiled splash-back and the insulated hot water cylinder with immersion heater on a raised plinth, together with the central heating programmer adjacent. There is ample space for a freezer, other appliances and space with plumbing for a washing machine.

A versatile room at the front of the bungalow on the east side could be a **fifth double bedroom or, as at present, an additional sitting room** having an oriel bow window on the front elevation and a side window presenting rural views across the adjoining grassland. This room has a five-branch ceiling light, 2x two-branch wall lights and a long double radiator, together with TV aerial point.

There are then **four further spacious double or twin bedrooms** within the main structure and extending into the long, rear wing, each of which has a radiator and large window enjoying lovely open views across the fields adjacent. A long rear hallway gives access from the inner hall and there are large windows with louvre blinds overlooking the main garden.

Two of the bedrooms have an extensive range of built-in wardrobes and the rear hallway, which gives access to three of the bedrooms, has a radiator and built-in double door, deep cupboard with shelving at the rear.

This rear hallway also has two ceiling light points, a smoke alarm, a child safety gate and a part-glazed (double-glazed) door between the inner and rear hallways opens onto the rear garden.

The **wet room** is located at the front of the bungalow and is an excellent size with a large, walk-in shower area with a chrome thermostatic shower unit, handset and drench head, a white low-level, dual-flush WC and a modern vanity unit with shaped wash basin and chrome pillar tap over base cupboards and drawers, in white.

The floor covering is moulded up to the wall and has a floor drain; there is a panelled ceiling with LED downlighters and an extractor fan.

Part ceramic-tiled walls extend to full height in the shower area and there is a front window with roller blind and ceramic-tiled sill. Heating is by a double radiator with heated towel rail over.

Outside

The property can be approached from two entrances, onto an **in/out driveway** leading around an established shrubbery and front brick boundary wall.

The grounds are surprisingly spacious extending to **approximately 0.44acre(STS)** and the redlined aerial image shows the approximate position of the boundaries - these should be checked against the contract plan at sale stage.

From the drive there is access to the garage and the driveway continues along the left side of the property to arched, wrought iron double gates which allow vehicular access into the rear garden. There is an established conifer hedge to the left side, while the driveway is open on the right side, allowing views across the open fields adjacent.

The **double garage** is a very good size as shown on the floorplan and has plastered walls internally, being an integral structure which, therefore, could be converted into additional accommodation if required, subject to obtaining any necessary consents. There is a remote-control, motorized sectional front door, electricity consumer unit with MCBs, wall shelving, strip lights, power points and a side double-glazed window, together with pedestrian door to outside.

The main garden is positioned at the rear and a superb size, extending across the rear of the adjoining bungalow and mainly enclosed by tall conifer hedges for privacy. The main area is laid to lawn and there is a large flagstone patio extending from the rear wall with access from the patio door of the lounge. Across to the side, there is a useful brick-built outbuilding with single and double door access for general storage, garden implements, etc.
