THE SITE – EX39 5JY

KLP are delighted to offer this wonderfully located greenfield residential development site which extends to circa 0.43ha/1.06acres as approximately identified by a blue boundary line on the plan above. The land falls gently from north to south and is situated in the village centre close to the popular primary school and St George Parish Church.

The site benefits from outline planning permission for 9 dwellings of which two are to be provided as affordable housing. Access is proposed off School Lane which runs along the north and east boundary of the site.

Please note from the approved Site and Location Plan below, that along the eastern boundary is a thin strip (approximately 25M in length) which is currently within the owners title, this is not part of the sale and is intended to enable car parking for a small number of cars.

The illustrative site plan, drawing also below, was submitted as part of the planning application and offers an indication of how a scheme for 9 dwellings may be designed, it is not however an approved drawing.
