THE SITE – TQ2 5TN

KLP are delighted to offer this prime residential development opportunity with planning permission for 14 apartments offering wonderful views to the south and west across Tor Bay. The site is situated in the Belgravia Conservation area and was previously occupied by the now demolished Conway Court Hotel.

The approved scheme is arranged over six floors including an undercroft parking floor with one parking space per unit, accessed from Warren Road. All floors are served by a lift and stairs leading to a protected corridor at each level. Each of the apartments is two bedroomed although range in size from c.828sqft–1319sqft.

Given the elevated position and with the benefit of balconies or private terraces (for units 3,4,5) each apartment will benefit from glorious views to the south and west out across Tor Bay.

Warren Road has been the subject of much recent redevelopment with a mix of new build and building refurbishments. The site once developed will form a key part of the Torquay seafront notably located above The Royal Terrace Gardens, known locally as Rock Walk and access onto the sea front.

TORQUAY

Torquay is a large seaside resort with beaches and busy harbour which along with Paignton and Brixham, make up the Torbay conurbation known as the English Riviera. The town has a large central shopping area with a range of retail operators as well as out of town retail on the northern outskirts. Torquay also hosts a sheltered marina with c. 440 secure moorings for boats up to 30m in length. The town is within easy reach of main communication links including the M5 at Exeter via the South Devon Link Road A380 and Exeter Airport which offers a wide range of scheduled and charter flights to destinations throughout the UK including London City Airport, as well as to Europe and worldwide. There are also Rail services available from the town's station with connections to Newton Abbot from where main line services can be accessed.
