Originally built in the mid-20th century, the property has been carefully reimagined by its current owners to suit modern family life while preserving its architectural integrity. The result is a home that feels both rooted in its surroundings and refreshingly up to date.

The house spans three floors and comprises five bedrooms and three bathrooms, with a layout that balances open-plan living with private, flexible spaces. The ground floor features engineered herringbone wood flooring throughout, complemented by underfloor heating and generous ceiling heights—particularly in the rear extension, where the floor has been lowered to create a striking 2.95m ceiling.

Approximate Gross Internal Area = 229.9 sq m / 2474 sq ft

This plan is for layout guidance only. Not drawn to scale unless stated. Windows and door openings are approximate. Whilst every care is taken in the preparation of this plan, please check all dimensions, shapes and compass bearings before making any decisions reliant upon them. (ID767266)
