THE DWELLING

With attractive coursed local stone elevations, dressed with distinctive pin-sharp quoins and set beneath a Welsh slate roof with ornate bargeboards to the gable, this Grade II Listed end-of-terrace cottage, dating back to circa 1850, forms part of an angled corner block of charming period cottages. Exuding character and architectural interest throughout, the property has been thoughtfully updated by the current vendors to create a well-presented and practical home. Offering two double bedrooms and well-appointed living accommodation, the cottage beautifully blends original period features with modern comforts.

ACCOMMODATION

The property is entered via a front porch, leading through the original door that immediately sets the tone with its character and charm. The inviting living room is centred around a log-burning stove and benefits from dual-aspect windows, filling the space with natural light. Bespoke cabinetry adds both functionality and style.

To the rear, the kitchen caters to all culinary needs, featuring solid wood cabinetry, matching solid wood worktops and space for white goods. There is ample room for dining furniture and a useful understairs storage area adds to the practicality. A rear porch provides further access to the garden.

Upstairs, the property offers two well-proportioned double bedrooms and a beautifully finished shower room. The bathroom includes a solid wood vanity unit, WC and a generous double shower, all completed to a high standard.

GARDEN

Enclosed by a charming traditional dry stone wall and mature hedging, the beautifully landscaped south-facing front garden provides an idyllic outdoor space. A thoughtfully arranged layout includes a patio area adjacent to the house, with a pathway leading from the gate to the front door. Additional outdoor storage is discreetly positioned within the garden, complementing the surroundings. On street parking is also positioned to the front of the property.

To the rear of the property, a stone-built outbuilding offers electric and water and is currently used for housing additional white goods, with further storage provided by an adjoining lean-to.

Steps at the rear lead up to a well-maintained lawn, this area flows into a kitchen garden, beyond which lies a further seating area beneath a timber-framed pergola. Situated in a corner position, the garden enjoys sunlight throughout the day.
