DWELLING

Constructed in 2013 with attractive stone elevations beneath a tile roof, this three bedroom end of terrace townhouse offers flexible accommodation arranged over three thoughtfully designed floors. The property features open-plan living space, a landscaped rear garden, and off street parking for several cars.

ACCOMMODATION

Entered through an enclosed porch with built-in storage, the ground floor opens into a welcoming entrance hall providing access to a utility room and the integral garage. The utility room is fitted with cabinetry and space for white goods, and also includes a WC and wash hand basin.

Stairs rise to the first floor, where the main living areas are located. A central landing leads to a generously proportioned living room at the rear of the property, with French doors opening directly to the garden. To the front, the open-plan kitchen/dining room is ideally designed for modern living, offering ample space for dining furniture. The kitchen is well-equipped to meet all culinary needs, while French doors open to a Juliet balcony, filling the room with natural light and creating a bright, airy feel.

The second floor hosts three bedrooms and the family bathroom. The principal and second bedrooms are both

good-sized doubles, each with built-in storage, while the third bedroom provides a versatile additional space. All are well served by the modern family bathroom. A storage cupboard on this level also houses the boiler.

GARDEN

Thoughtfully landscaped by the current owners, the rear garden—accessed from the first floor—features a decking area directly adjacent to the property, with a further patio area positioned to the rear. Flower borders line the rear boundary, complemented by a garden shed and a trellised rear fence.

To the front, the driveway provides off-street parking and leads to the integral garage, which is fitted with an up-and-over door, power, and lighting.
