Set on a generous plot, Meadow Barn is an impressive new home designed for modern living and finished to a high standard.

With a natural stone, brick and timber appearance, set against beautifully contrasting full height windows, this large family home fondly reflects the working farm buildings once found across this rural county.

The generous ground-floor accommodation reflects the perfect blend of open sociable space with the subtle mix of separation when needed, and the added versatility of a segregated fifth bedroom and neighbouring shower room, ideal for visiting guests.

A bright landing to the first-floor opens to four further double bedrooms, all with en-suites, with the principal bedroom further benefiting from a walk-in wardrobe and a broad balconied terrace to kick back and enjoy those hazy Summer nights.

The attached double garage matches the ample off-road parking and the timber gate grants private access to the large enclosed lawned rear garden with sufficient space for the family dog, children or visiting grandchildren to run around whilst still enjoying a day away from the beach.
