'Chestnut Cottage' is a hugely individual detached barn conversion of the highest order set within extensive grounds of around 2.75 acres and provides exceptionally versatile living accommodation of around 2000 ft<sup>2</sup>. It is presented to the highest order throughout whilst retaining many attractive original features. Its location is both idyllic and unique, successfully combining a semi rural setting, extensive gardens, paddock and stables with high quality living space. The outside space which includes a delightful ornamental garden as its centrepiece also includes a delightful courtyard, fenced paddock and stabling plus its own woodland area ... perfect for a countryside stroll, not venturing far from the house itself!

The property is approached via a private drive which culminates in an extensive area of off-street parking suitable for a multitude of vehicles along with double garage. Also included is an attached workshop. The vendors have upgraded the property thoroughly since purchase, and though the property is already extensive and will provide most buyers with the space they require, there is also undoubted scope to develop this further, if required.

In total there are four generously proportioned reception rooms together with well-equipped kitchen and ground floor master bedroom with bathroom facility. The first floor provides two further bedrooms

along with guest bathroom. Part of the ground floor is currently used by the vendors as a home office in this room is a true delight benefiting from vast natural lighting and outstanding views. A further enhancement is a solar PV system which will provide a proportion of the electricity demand of the house.

In summary, the sale of 'Chestnut Cottage' provides buyers with the rare opportunity to purchase a truly unique parcel of property which, being on the fringe of Driffield, gives the opportunity of a country lifestyle whilst having the convenience of being within only a mile of Driffield town centre.
