Successfully combining a secluded position which is tucked away from the road, extensive parking and double garage plus a contemporary layout, this bungalow REALLY DOES STAND OUT FROM THE CROWD!

The bungalow has a rather deceptive façade which perhaps hides what is a wealth of well planned accommodation within. The main living space is contemporary and open plan featuring a kitchen with dining area and living room having a solid fuel stove. An inner hall leads to, what feels like a secondary part of the bungalow, and features two large double bedrooms, house bathroom and second WC/Utility.

It is perhaps externally where the bungalow offers something a little different, there is extensive parking and this space is certainly suitable for vehicles such as a caravan or motorhome plus additional cars. The garage is not only a double in proportion, it is also enlarged vertically to create ample storage

on a higher level. The gardens are hugely delightful with an attractive area to the front that perfectly frames the bungalow itself and a secluded additional area of garden to the rear along with a paved patio.

MIDDLETON-ON-THE-WOLDS

The A614 dips and rises as it passes through the main street of this pretty Wolds village. Prominently located on rising ground, the Parish Church of St. Andrew, though restored in 1874, still possesses the original 13th Century Chancel. The Church is situated adjacent to the Robin Hood Public House. With an active recreation ground and primary school, this family orientated village is ideally situated for the commuter.
