A two-piece cloakroom with a vanity washbasin, wall hung concealed cistern wc and a chromed ladder radiator, floor and partial wall tiling. There is also a separate cloaks cupboard. From the lounge bay window you have a super view of the Castle Keep and plenty of space for lounge furniture. Spanning the full width of the property, the open plan kitchen diner/family room is the sociable hub so favoured by contemporary lifestyles. With an extensively fitted kitchen, dedicated space for dining and ample room for a large L-shape corner sofa, it certainly manages to tick the boxes. Bi-fold doors open to the south facing patio, offering a tempting alfresco option when the weather allows. Contemporary to its core, the sleek Nolte kitchen cabinetry is paired with quartz counters and upstands and a Blanco under-counter sink. The Siemens built-in cooking appliances consist of an electric oven, combination microwave oven, induction hob beneath a ceiling mounted extractor filter and the integrated appliances comprise a full height larder fridge and a full height freezer, dishwasher and a wine cooler. Other features include corner carousels, wide pan and utensil drawers, illuminated cupboards and three integrated display cubes. The separate utility room has base and wall cupboards and a Blanco sink unit with a mixer tap. Plumbing for a washing machine and space for a dryer.

On the first floor you have a double width landing with a shelved linen cupboard and a loft access hatch with a retractable ladder to a boarded attic space. The original build design specified five bedrooms; however the owners chose a four-bed scheme in order to create a luxurious master bedroom suite consisting of an under cluttered bed chamber, dressing room with fitted wardrobe and dressing table and a stunning en-suite with a wet floor system; the floor is tiled and all four walls part tiled. A simple glass screen protects the shower area which has a Hansgrohe thermostatic shower with a fixed rain-fall head and a hand-held wand, wall hung vanity washbasin with an illuminated mirror above and a wall hung concealed cistern wc. Towels warm on a tall ladder radiator and there is a spacious built-in storage cupboard. Bedrooms 2 and 3 are generous doubles, number 2 with an unrestricted view of the Castle Keep and bedroom 4 is repurposed as a home office. The similarly stylish four-piece family bathroom comprises a bath, quadrant shower cubicle, wall hung vanity washbasin and a concealed cistern low suite wc. Floor and partial wall tiling, towels warming on a chromed ladder radiator.

Outside

To the front an open lawned garden with a tarmac two-car width drive leading to an integral garage with an electrically operated Hormann door. Indian stone flanked footpaths with gates connect to the rear garden on both sides. The delightful rear garden has been professionally landscaped to gain maximum benefit from its topography. The full width Indian stone patio makes the most of its south-facing orientation; as does the sleek artificial lawn. Behind the retaining wall is a further lawned strip leading to a private seating area with a circular stone patio from where you have a view of both the Primrose Lodge Nature Reserve and the Castle Keep. Whether it be a breakfast coffee or an evening nightcap, this is a delightful place to start or end the day. Of extra note there are hot and cold water taps and an electric power point. There is also an EV charging point.

An absolutely stunning home of which an internal viewing is considered necessary in order to fully appreciate its many fine points.
