Brockton Hall Barns

Brockton, Eccleshall, Stafford, ST21 6LY

Guide Price £850,000

A photograph of a row of brick barns. The barns are constructed of red brick with a dark grey tiled roof. In the foreground, a large, arched wooden door with a grid of glass panes is prominent. To the left, a silver car is partially visible. The ground is paved with cobblestones. The sky is overcast.

A truly outstanding, rare development opportunity for the residential conversion of 7 barns, 1 of which has already been converted to office use. A stunning rural location yet so convenient for the classy and thriving small town of Eccleshall and indeed for commuting to junction 14 and 15 of the M6.
