About The Property

Chequers House is a charming detached red brick property with a thatched roof, dating back to the late 18th century. It is situated in the desirable village of Marden. The house combines generous space with traditional character and has been modernised to provide comfortable and practical living accommodations. It is available unfurnished for a short-term rental.

The ground floor features a well-thought-out layout, offering a variety of reception rooms and good ceiling heights throughout. The main sitting room includes a wood-burning stove, exposed beams, and doors that open directly onto the rear terrace and garden, creating a bright and inviting space. The kitchen is equipped with an Aga and fitted units, along with ample room for a large dining table, making it perfect for everyday use and informal entertaining. Adjoining the kitchen are a utility room, a boot room, and a cloakroom, providing useful additional space.

A further reception room on the ground floor can serve as either a formal dining room or a study, while a separate snug provides a cosy private sitting area. This flexible layout allows for a range of uses to suit

different needs.

Upstairs, the main section of the house features four bedrooms and a family bathroom. The principal bedroom has built-in wardrobes and an en-suite bathroom. A separate staircase leads from the snug to a fifth bedroom, which has its own bathroom, creating a private area that works well for guests or as a home office.

Outside, the property is approached via a gravel driveway that offers ample parking, along with a large garage for both parking and storage. The rear garden is particularly attractive, featuring a terrace accessible from the sitting room and kitchen, a spacious lawn, mature trees and hedging, and open views across the surrounding fields. A gate leads directly from the garden to a public footpath, providing access to walks around the village and the surrounding countryside.
