The property itself is in need of modernisation throughout and is priced accordingly. The internal accommodation comprises: Private entrance at street level, into a private entrance hall with stairs leading to the first-floor landing. The stairs then lead up to the third floor (where there are two store areas on the half landings).

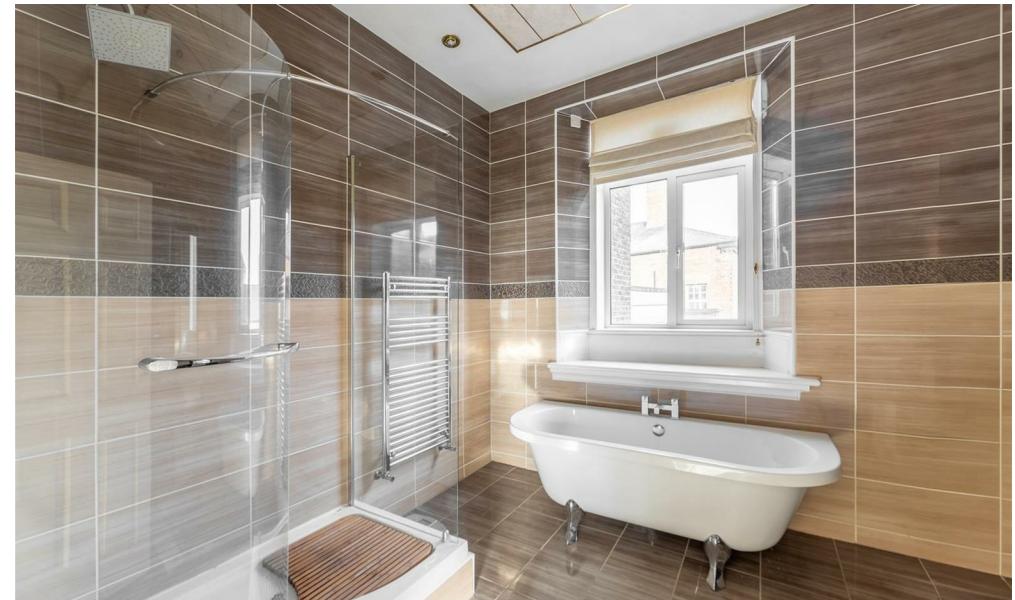

The main apartment access is located to the third floor and leads into a superb and impressive entrance hallway, which measures 20m in length. The entrance hall then gives access to a large, lounge/diner which measures 30ft in length, and enjoys original plasterwork coving to the ceilings, along with an open fireplace and two large south facing windows providing views out over Priors Park and towards the North Sea and a door leading to an extensive, south facing roof terrace.

A further door from the entrance hall leads into a dining room with fitted shelving which in turn is open to the kitchen area. The kitchen again offers south facing views and a door leading out onto the roof terrace.

The hallway then gives access to four bedrooms, of which three are comfortable doubles. Bedroom one is a generous double bedroom with south facing window and access to an en-suite bathroom, which is fully tiled, with four-piece suite.

Bedrooms two and three are smaller double bedrooms with bedroom four being a single room/study. The hallway also gives access to a generous family bathroom, which is fully tiled, with five-piece suite including a large bathtub and walk-in shower. A final door from the hallway then leads into a utility room with store cupboard.

Externally, the property boasts a substantial and private roof terrace, which faces south, with wrought iron railings and enjoys outstanding views over Priory Park and towards Collingwood Monument, providing arguably one of the most desirable views within the North East of England.
