Originally constructed in the 1990s, Cotswold Cottage has been updated by the current owners and provides extremely spacious accommodation arranged over two floors. Currently configured as four bedrooms, the versatile floorplan could be arranged in a number of ways to suit a new owners requirements. The recent addition of solar panels and batteries, combined with the installation of a substantial woodburning stove, have dramatically reduced energy bills. To the front of the property, a large outbuilding, which benefits from a separate title and was once a living space, with historic water, gas and electricity supplies, offers additional potential to create an annex or guest accommodation.

Accessed via driveway from the neighbouring premises, Cotswold Cottage is completely private and well tucked away in a popular area of Wootton. Wootton Bridge offers an abundance of amenities including local stores that cater for food, wine and groceries, and there are some great places to eat out. Nearby facilities include a primary school and a community centre, a well-maintained recreation and sports ground, as well as a health centre, pharmacist and vet. Lushington Hill is one of the most convenient locations on the Island with the county town of Newport situated just a 10-minute drive from the property and the popular seaside town of Ryde located just 4 miles in the opposite direction. There are many facilities and amenities offered in each town which include wonderful eateries, independent shops, beautiful sandy beaches, Islandwide travel links, cinemas and community theatres. The location is also within close proximity to travel links, with a regular bus route serving Lushington Hill and a mainland car ferry service from Fishbourne as well as East Cowes both under a ten-minute drive away.
