Freehold  
Council tax band E

It should be noted that the property is on air source central heating, underfloor on the ground floor and radiators on the first floor. This has provided the current owners with reduced running costs. It should also be noted that the property is on private drainage in the form of a treatment plant which substantially reduces your water bills as you only pay for incoming water and not drainage or storm drains. It should also be noted that the square footage measurement on the advert consists of both the house and detached double garage with WC and versatile office space above.

Ellis Winters has not tested any apparatus, equipment fitting or services and so cannot verify that they are in working order. The buyer is advised to obtain verification from their solicitor or surveyor. Floor plans are for representational purposes only and are not to scale.

Total area: approx. 265.3 sq. metres (2855.2 sq. feet)
