Royal William Yard, Stonehouse, Plymouth, PL1 3QQ

The Royal William Yard is a wonderful 8-acre site situated at Cremyll Point and enjoys magnificent views up the river Tamar and across to Cornwall. Originally constructed in 1824 under the supervision of the famous architect and engineer Sir John Rennie, the magnificent array of Grade I Listed, limestone and granite buildings occupy a fabulous waterside location and are at the heart of the regeneration of both Stonehouse and Plymouth. The Navy withdrew from the Yard in 1992 leaving these elegant and towering edifices which have been imaginatively regenerated by the renowned developers Urban Splash, who have an impressive record in reviving old, derelict and interesting sites. The splendid local facilities include the nearby Devils Point, the Royal William Yard itself with galleries, restaurants and a water taxi direct to the Barbican Mayflower Steps, a foot ferry to Cremyll and the Mount Edgcumbe Country Park, marina with berths available (subject to arrangements), local pubs, shops and regular public transport to the City Centre, approximately one mile distant.

"Brewhouse" is a Grade I Listed building which has been imaginatively and sympathetically converted to provide a collection of 77 high specification luxury apartments. This historic building was once capable of producing 30,000 gallons of beer per day and has also been used as a store for rum, a torpedo workshop and finally became the headquarters for the Raiding Squadron of the Royal Marines.

There is an impressive entrance known as the 'winter garden', lift access to all floors and a host of exposed features.

The kitchen offers a natural limestone tiled floor, obscure glazed wall, high gloss fronted base units and wall mounted cupboards housing fridge, freezer, filter hood, double oven, work surfaces with twin sink, chrome mixer tap, glass splash backs and under cabinet lighting. The utility room houses the district heating system, washer/dryer and provides additional storage space. There is also built in useful built in storage space and a separate WC.

To the first floor there is a good-sized double bedroom with ample light flooding through the raised Velux window, built in soft close wardrobes and an en-suite bathroom with three-piece suite including wall hung W.C., wall hung basin with vanity shelf and mirror over, mosaic floor to ceiling tiling and enclosed shower. The second bedroom is on the mezzanine level with a frameless glass balustrade offering views over the double height ceilinged floor below and enjoys use of the family bathroom and under stair storage on the same level.
