vanity wash hand basin with storage and concealed cistern w.c with additional built-in storage. LED wall mirror. Tiled walls and floor. Chrome towel radiator.

OUTSIDE

To the front is a wrought iron gated driveway providing ample off road parking with ELECTRIC VEHICLE CHARGING POINT, timber panelled fencing to the side and an established laurel hedge. A passageway to the right, shared with No 31, provides access into the private rear garden. We understand there is a verbal agreement with number 27 allowing access to empty dustbins.

The rear garden is a good size and is split into different areas comprising of a porcelain tiled seating area with external power sockets and an outside cold water tap. A porcelain tiled path continues past the first garden shed and attached brick garden store and continues onto the lawn with raised planted beds. A paved path leads down to a covered seating area with adjoining workshop/garden room with the path continuing through a wrought iron gate and into the rear parking area where there are tall wrought iron gates giving access into the rear service road. The parking area measures approximately 5.90m wide and 7.69m long with the gate opening being approx. 3.27m. The original garage front

- First floor modern bathroom, Box room/study
- Rear car parking and access, Electric Car Charging Point
- Viewing essential to appreciate size
- Extending to approx. 129.5 sq.m

remains and can be seen on the photograph and could be rebuilt if a garage was required. The current owner has taken most of the garage down and left a small section which is used for storage.

Access to the rear service road is via North Eastern Road.

WORKSHOP/GARDEN ROOM

10'5" x 8'9"

With electric light and power. Currently used with chest freezer and dryer.

GARDEN SHED

13'8" x 6'1"

With electric light and power.

ATTACHED BRICK GARDEN STORE

8'7" x 2'11"

With rear facing window.
