We are delighted to bring to market For Sale a impressive period terraced house spanning 2,197 sq ft. This remarkable property has undergone extensive refurbishment, from top to bottom. While the transformation has seen the installation of new windows, plastering, a rewired and replumbed interior, it remains unfinished, awaiting your personal touch.

The ground floor comprises of a double reception room, kitchen/breakfast room leading to the garden patio, and a WC.

Boasting five generously sized bedrooms and four bathrooms, this property offers a versatile canvas for customization, though it's worth noting that some of the bathrooms are yet to be installed.

A notable feature of this property is its 30-foot garden, which is southwest facing. This outdoor space holds endless potential for landscaping and relaxation.

Location-wise, this residence is nestled in the sought-after Harlesden post code, a tranquil and well-connected part of NW10. Families will appreciate its proximity to Maple Walk school, while commuters will find ease in reaching Willesden Junction (Bakerloo - Zone & Overground) station for seamless travel.

£1,100,000 Freehold
