INTRODUCTION

Standing in a great plot of approximately 0.4 acre with a large garden is this four bedroomed detached house which provides plenty of scope and potential to an incoming purchaser. The layout is depicted on the attached floorplan and does require a programme of refurbishment to bring it up to current standards and indeed there is plenty of potential to extend/remodel, subject to appropriate permissions. This property represents a great opportunity for an incoming purchaser to put their own stamp on a dream home in a great location. The accommodation currently comprises three reception rooms together with an extended kitchen, utility room and cloaks/W.C.. Upon the first floor are four bedrooms including a large main bedroom which enjoys views towards the River Humber. There is also an en-suite and a separate house bathroom. The accommodation has gas fired central heating to radiators via an Ideal standard boiler and there is hardwood framed double glazing to windows. The gardens are a particular feature with the property being well set back from the road having a long driveway leading up to the attached double garage and forecourt. Both front and rear gardens have been extensively planted over the years to create many areas of interest.

LOCATION

The property stands on the north side of Ferriby High Road, a street scene which comprises many fine homes of distinction and leads into the village of North Ferriby to the west. Convenient access is available to the A63 which leads to Hull City Centre to the east and the national motorway network to the west. The vibrant village of North Ferriby has a great community spirit and a good range of amenities including a Co-op convenience store, doctors surgery, newsagents and various sole traders. There are good recreational facilities within the village plus a well reputed primary school with secondary school available at South Hunsley in the nearby village of Melton. North Ferriby has excellent connections both road and rail having its own mainline railway station and immediate access is available to the A63 leading into Hull City Centre to the east or the national motorway network to the west and towards various regional business centres. Ferriby High Road is also on a bus route. A range of national supermarkets are available nearby. In all, a tremendous and extremely convenient location.
