INTRODUCTION

Looking for something different, then don't miss this totally unique detached property! Built in 1990 and recently completely remodelled and renovated to a high standard, this fabulous home provides expansive accommodation complimented by an amazing view of the River Humber, Humber Bridge and the Lincolnshire Wolds beyond. The accommodation extends to around 3,000sq.ft. over three floors and is great for a family, multi generational living or has the ability to rent out some rooms for AirBNB as the current owners do so. The layout can be seen on the attached floorplan which includes a fabulous living room with picture windows and bi fold doors providing great views to the south and access to the balcony. The living kitchen is extensively fitted and bi fold doors also open out to the south facing balcony with stunning views. The lower ground floor includes a large games/entertainment room and two luxury bedroom suites, accessed from either the house or externally. Upon the upper floor are three double bedrooms, en-suite and stylish bathroom. Again, some exquisite views are available. The property is certainly deceptive from the front, looking rather more conventional and having a parking bay plus twin width driveway to the attached double garage. The property occupies a slightly sloping site with steps down to the lawned garden and patio area. This fine home really needs to be viewed to be fully appreciated.
