INTRODUCTION

This attractive detached property stands in a highly desirable location within the ever popular village of Swanland. At present, the property affords three bedrooms but there is also plenty of potential to remodel/extend to create a large property with a higher value given the location and plot size. The accommodation is depicted on the attached floorplan currently comprising an entrance hall, downstairs cloaks/shower room, large living room, conservatory, dining room, kitchen complete with AGA and study. Upstairs are three bedrooms and bathroom. Gas fired central heating and majority uPVC framed double glazing are installed. The property enjoys a good sized plot with excellent parking to the front accessed via a gated entrance. The lovely rear garden has a westerly facing aspect. Viewing is strongly recommended to appreciate both what the property has to offer together with its unquestionable potential.

LOCATION

West Leys Road is one of Swanland's most desirable addresses, situated off West End. One of the area's sought after villages, Swanland has an attractive centre where a number of shops can be found including a chemist and convenience store/post office. There are a number of amenities and recreational facilities such as a tennis and bowls club and children's playing field nearby and a public house which also serves food. The village also has a well reputed primary school with secondary schooling at the nearby South Hunsley School in Melton. A number of public schools are available nearby. Convenient access to the A63 leads to Hull City Centre to the east and the national motorway network to the west. A mainline railway station lies approximately 15 minutes driving distance away in Brough which provides inter-city connections.
