DESCRIPTION

A deceptively spacious and extended semi-detached house having believed to have originally been constructed about 100 years ago. Recently the kitchen has been refitted. The property enjoys lovely views in all directions. Fully central heated by means of an oil-fired boiler. The property is beautifully presented throughout. Additionally, the garage had planning permission for additional annex accommodation which has now expired. We highly recommend and internal inspection to appreciate all that is on offer.

The property is set in the popular Wealden village of Marden with its range of local shopping facilities including village stores, butchers, bakers, post office, petrol station and shop. There is an excellent primary school in the village and the mainline station offers commuter services to London Charing Cross and Cannon Street (approximately 50 minutes). The County Town of Maidstone is approximately 8 miles away providing a wider range of both leisure and shopping facilities.
