# **Energy performance certificate** (EPC)

#### ales on letting this property

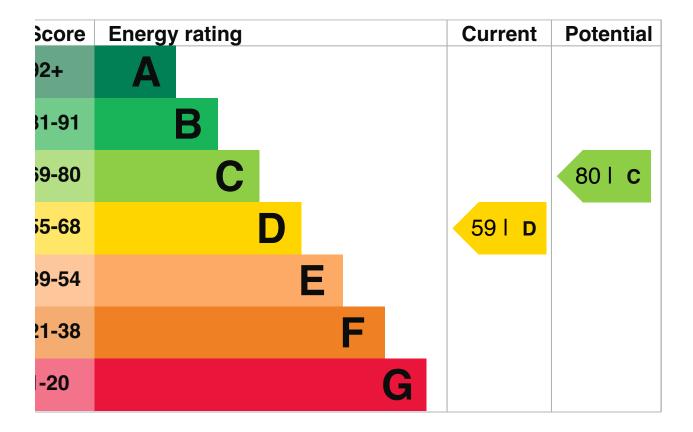

operties can be rented if they have an energy rating from A to E.

he property is rated F or G, it cannot be let, unless an exemption has been registered. You can read <u>guidance for idlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy ciency-standard-landlord-guidance)</u>.

#### nergy efficiency rating for this property

is property's current energy rating is D. It has the potential to be C.

e how to improve this property's energy performance.

e graph shows this property's current and potential energy efficiency.

operties are given a rating from A (most efficient) to G (least efficient).

operties are also given a score. The higher the number the lower your fuel bills are likely to be.

e average energy rating and score for a property in England and Wales are D (60).

#### eakdown of property's energy performance

is section shows the energy performance for features of this property. The assessment does not consider the conditic a feature and how well it is working.

ch feature is assessed as one of the following:

- very good (most efficient)
- good
- average
- poor
- very poor (least efficient)

nen the description says 'assumed', it means that the feature could not be inspected and an assumption has been ade based on the property's age and type.

ature	Description	Rating
lle	Cavity wall, filled cavity	Good
lle	Cavity wall, as built, partial insulation (assumed)	Average
of	Flat, limited insulation (assumed)	Poor
of	Roof room(s), no insulation (assumed)	Very poor
ndow	Fully double glazed	Average
ain heating	Boiler and radiators, mains gas	Good
ain heating control	Programmer, room thermostat and TRVs	Good
t water	From main system	Good
ıhting	Low energy lighting in 63% of fixed outlets	Good
or	Suspended, no insulation (assumed)	N/A
condary heating	None	N/A

# rimary energy use

e primary energy use for this property per year is 265 kilowatt hours per square metre (kWh/m2).

What is primary energy use?

#### **nvironmental impact of this property**

ne of the biggest contributors to climate change is carbon dioxide (CO2). The energy used for heating, lighting and wer in our homes produces over a quarter of the UK's CO2 emissions.

n average household roduces	6 tonnes of CO2
his property produces	9.5 tonnes of CO2
his property's potential roduction	4.5 tonnes of CO2

making the <u>recommended changes</u>, you could reduce this property's CO2 emissions by 5.0 tonnes per year. This wilp to protect the environment.

vironmental impact ratings are based on assumptions about average occupancy and energy use. They may not refle

w energy is consumed by the people living at the property.	

#### ow to improve this property's energy performance

aking any of the recommended changes will improve this property's energy efficiency.

vou make all of the recommended changes, this will improve the property's energy rating d score from D (59) to C (80).

What is an energy rating?

# ecommendation 1: Room-in-roof insulation

om-in-roof insulation

pical installation cost	£1,500 - £2,700
/pical yearly saving	£565
otential rating after carrying out commendation 1	70 I C

## ecommendation 2: Cavity wall insulation

vity wall insulation

pical installation cost	£500 - £1,500
/pical yearly saving	£117
otential rating after carrying out commendations 1 and 2	72 I C

## ecommendation 3: Floor insulation (suspended floor)

or insulation (suspended floor)

pical installation cost	£800 - £1,200
/pical yearly saving	£103

# ecommendation 4: Low energy lighting

w energy lighting

/pical installation cost	£30
/pical yearly saving	£30
otential rating after carrying out commendations 1 to 4	75 I C

## ecommendation 5: Solar photovoltaic panels, 2.5 kWp

lar photovoltaic panels

pical installation cost	£5,000 - £8,000
/pical yearly saving	£267
otential rating after carrying out commendations 1 to 5	80 I C

## aying for energy improvements

1d energy grants and ways to save energy in your home. (https://www.gov.uk/improve-energy-efficiency)

stimated energy use and potential savings

stimated yearly energy cost for is property	£2027
otential saving	£816

e estimated cost shows how much the average household would spend in this property for heating, lighting and hot

ter. It is not based on how energy is used by the people living at the property.

e estimated saving is based on making all of the recommendations in <u>how to improve this property's energy</u> rformance.

r advice on how to reduce your energy bills visit Simple Energy Advice (https://www.simpleenergyadvice.org.uk/).

## leating use in this property

ating a property usually makes up the majority of energy costs.

#### stimated energy used to heat this property

pace heating	34863.0 kWh per year
ater heating	2349.0 kWh per year

#### otential energy savings by installing insulation

pe of insulation Amount of energy saved

**ft insulation** 504 kWh per year

vity wall insulation 2115 kWh per year

u might be able to receive <u>Renewable Heat Incentive payments (https://www.gov.uk/domestic-renewable-heat-incentive)</u>. is will help to reduce carbon emissions by replacing your existing heating system with one that generates renewable at. The estimated energy required for space and water heating will form the basis of the payments.

#### ontacting the assessor and accreditation scheme

is EPC was created by a qualified energy assessor.

vou are unhappy about your property's energy assessment or certificate, you can complain to the assessor directly.

vou are still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

creditation schemes are appointed by the government to ensure that assessors are qualified to carry out EPC sessments.

#### ssessor contact details

ssessor's name	Pauline Scott
elephone	<u>07716 847 265</u>

## ccreditation scheme contact details

ccreditation scheme	Elmhurst Energy Systems Ltd
ssessor ID	EES/015250
elephone	01455 883 250
mail	enquiries@elmhurstenergy.co.uk

## ssessment details

ssessor's declaration	No related party
ate of assessment	5 December 2016
ate of certificate	12 December 2016
/pe of assessment	► RdSAP

#### ther certificates for this property

*r*ou are aware of previous certificates for this property and they are not listed here, please contact us at <a href="mailto:mhclg.digital-rvices@communities.gov.uk">mhclg.digital-rvices@communities.gov.uk</a>, or call our helpdesk on <a href="mailto:020-3829-0748">020-3829-0748</a>.

ere are no related certificates for this property.
