HALO

FINZELS REACH BRISTOL

AN OFFICE BUILDING WITHOUT EQUAL

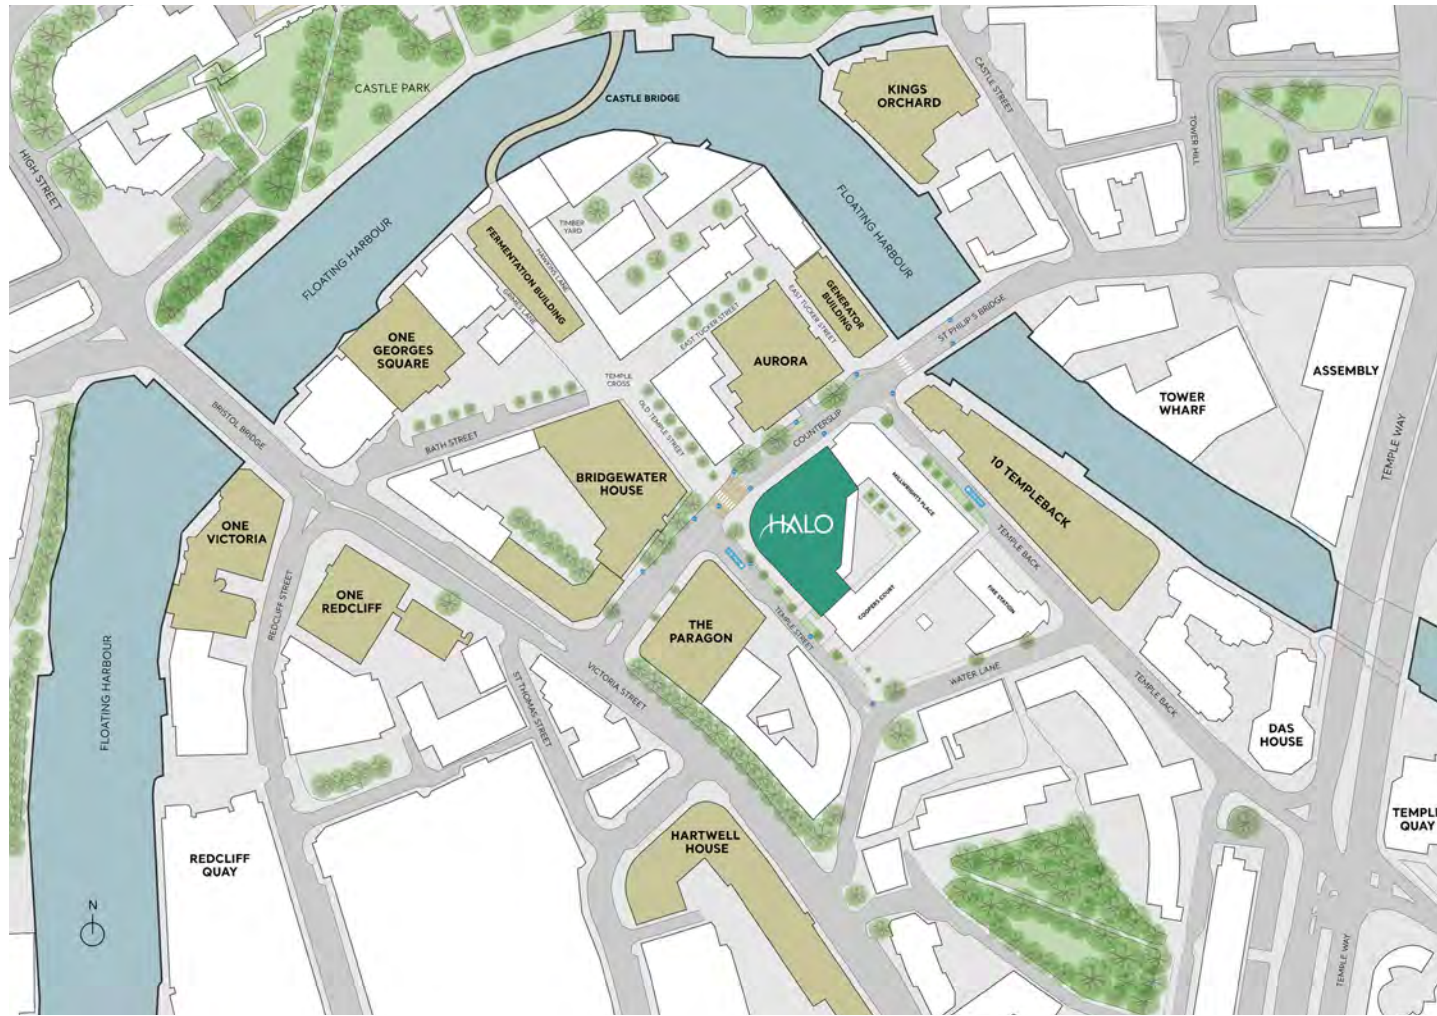

HALO is designed with people and business in mind. A space where light will flood into the stunning double-height reception, full height central atrium and outstanding office space. Where exterior views will compete with Halo's internal panoramas. Where state of the art technology and innovative thinking will create one of the UK's most sustainable office buildings.

GRADE 'A' OFFICE DEVELOPMENT OF 116,133 SQ FT

COMPLETION IN SUMMER 2022

BREEAM 'OUTSTANDING' CERTIFICATION

EXCEPTIONAL LOCATION

AT THE BEATING HEART OF BRISTOL

HALO is set within Finzels Reach, the much-acclaimed new mixed neighbourhood by Bristol Bridge and the Floating Harbour, which is fast-becoming a hub for leading professional, tech and creative companies having successfully attracted some of the biggest names in the City. Channel 4 and BBC Studios, legal firms Simmons & Simmons and Mewburn Ellis, English Heritage and Historic England have all made their bases here.

More than a practical choice, HALO is also an inspiring one with new public realm initiatives that prioritise pedestrians, cyclists and the natural environment – with excellent motorway, rail, bus and even water taxi connections close at hand. Close by, Castle Bridge puts more green open spaces and major shopping areas within a few minutes stroll.

TEMPLE MEADS STATION JUST 7 MINUTES' WALK AWAY

○
PART OF THE FINZELS REACH COMMUNITY,
BRISTOL'S PREMIER BUSINESS LOCATION

○
JUST A SHORT WALK FROM CASTLE PARK,

WELL BUILDING STANDARD (WELL) CERTIFICATION

○
CYCLING SCORE PLATINUM RATING WITH 'SPA QUALITY' CHANGING FACILITIES

○
CONTRIBUTING TO BRISTOL'S 'GREENING THE CITY' INITIATIVE

UNRIVALLED SUSTAINABILITY

TAKING SUSTAINABILITY FURTHER

HALO incorporates the best environmental practices in every aspect. It has been designed to achieve BREEAM Outstanding 2018 – the first building in the UK to attain this certification.

Every aspect of HALO has been considered to make it a truly sustainable development. Energy consumption, carbon emissions and water consumption are minimised. A range of other innovative ideas include connecting with Bristol's district heating network for low carbon heating, along with the regeneration of energy from descending lifts.

HALO is therefore set to become one of the UK's most sustainable office buildings.

69% LESS WATER CONSUMPTION*

○

35% BETTER ENERGY CONSUMPTION**

○

47% LESS CARBON EMISSIONS**

* Improvement over figures stated in; BSRIA (2011). Rules of Thumb, Guideline to Building Services. 5th ed. 54% improvement over calculated baseline in BREEAM (2018).

** Compared to notional figure calculated from the methodology followed in; HM government (2013). Approved Document L2A, Conservation of fuel and power in new buildings other than dwellings.
