Changing spaces in Newport

St. Modwen Park Newport provides flexible opportunities to the occupier market within the industrial and logistics sectors.

St. Modwen Park Newport is a key strategic site, where 213,000 sq ft of industrial and logistics warehouses are already complete (as of Q4 2022). This 100 acre business park is strategically located at the gateway to South Wales, around 18 miles from Cardiff and 25 miles from Bristol. Junction 23a of the M4 motorway is within 4 miles via the A4810/Queen's Way.

Unit N106 is under construction and due for completion in Q3 2023. Amazon was the first unit on the estate. Mitel and Genpower were built in 2021 and units N17, N24, N32 and N44 completed in Q4 2022. To the rear of the site is CAF Rail UK's purpose built train assembly facility.

The remainder of the site has outline planning consent for further development, available on a build to suit basis. These opportunities provide up to circa 622,000 sq ft in a single unit, or via a combination of smaller unit sizings to suit individual occupier needs.

Why choose Newport?

 <p>Further Build to Suit opportunities available</p>	 <p>78.2% of the population are economically active as opposed to 76.0% (Wales average)*</p>	 <p>Excellent road, rail, air and sea links, with the city served by the Port of Newport</p>	 <p>Two international airports being within 45 minutes of the city</p>
 <p>Newport is projected to have the greatest population increase (7.2%) of all Welsh local authorities by 2028</p>	 <p>Nearly half a million economically active people within 30 minutes' drive</p>	 <p>24 hour access 365 days of the year</p>	 <p>Average full time weekly wage of £540.60 (11.78% lower than the UK average)*</p>

The Swan standard

St. Modwen Parks embody our core purpose – to change places and create better futures.

The Swan Standard delivers improved quality, sustainable and consistent developments across the St. Modwen Logistics portfolio that impact positively on both the environment and local communities.

Through thoughtful and considered design, we have crafted a philosophy that we believe will have positive and tangible benefits for our customers.

High quality office and warehouse specification, designed with the customer in mind, focusing on health and wellbeing, sustainability and net carbon reduction.

- 75% enhancement on building regulations for air leakage
- 30% better than current requirements for embedded carbon
- Delivered by industry leading supply chain
- Sustainable environments addressing wellbeing
- Designed for flexibility and low operational cost
- Quality materials throughout
- Operational life cycle recycling
- Flexible office space for future fitout
- Low energy use
- Net carbon zero embedded

SUSTAINABILITY AT THE CORE
