Land at Pencoed Bridgend

35

Description

Pencoed Technology Park forms a roughly triangular area of land, the southern boundary having a long frontage to the M4. Significant infrastructure work has been undertaken on site, most notably to provide a spine road (Felindre Meadows) from Felindre Road, running east to west through the southern portion of the business park, having various access points prepared into a number of the plots on site.

Masterplanning work has been undertaken which indicates a range of plot sizes located throughout the estate as shown.
