

# Connectivity Without limits

Anticipating tenants' needs and helping support productivity.

By investing in robust connectivity to support our buildings digital infrastructure and choosing an expert IT partner like Backbone Connect, we're helping support your success from day one.

## Avoid delays and move in faster

### Avoid costly wayleaves

Remove the unnecessary delays and cost of wayleave agreements.

### Get connected to 10Gb internet in a matter of days

Move in faster and get connected to ultra-fast resilient connectivity.

### Trusted partnerships

Work with your landlord's trusted connectivity and IT services partner.
