An elevated lifestyle, characterised by a distinctive combination of opulence and iconic architecture. Contemporary bespoke design, the highest quality materials and meticulous attention to detail set a new benchmark in sophisticated living.

Palette

Inspired by the natural tone, layers and surrounding landscape of King's Cross. The chosen palette of nude and soft tones is punctuated with subtle hints of warm rust and enriched by honey-coloured timbers.

Marble & Stone

Meticulously handpicked during visits to Italy's world-famous Carrara quarries, the selected marbles create exquisite focal points, enhanced by one of the world's most coveted and natural elements.

The kitchen design features marble accents of Shell Gris with contrasting Alicante Rojo colours. All kitchen appliances are by Gaggenau, selected for their aesthetic, superior functionality, and quality.

Architectural Ironmongery

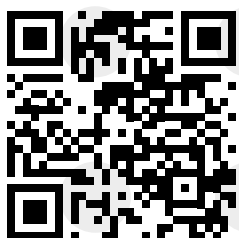

Quality and craftsmanship by British designers and ironmongers, Joseph Giles, and high-quality brassware by leading German brand, Dornbracht.

Selected for its elegant aesthetic and finish, the folding perforated screens provide privacy and protection as well as complementing the interior palette.

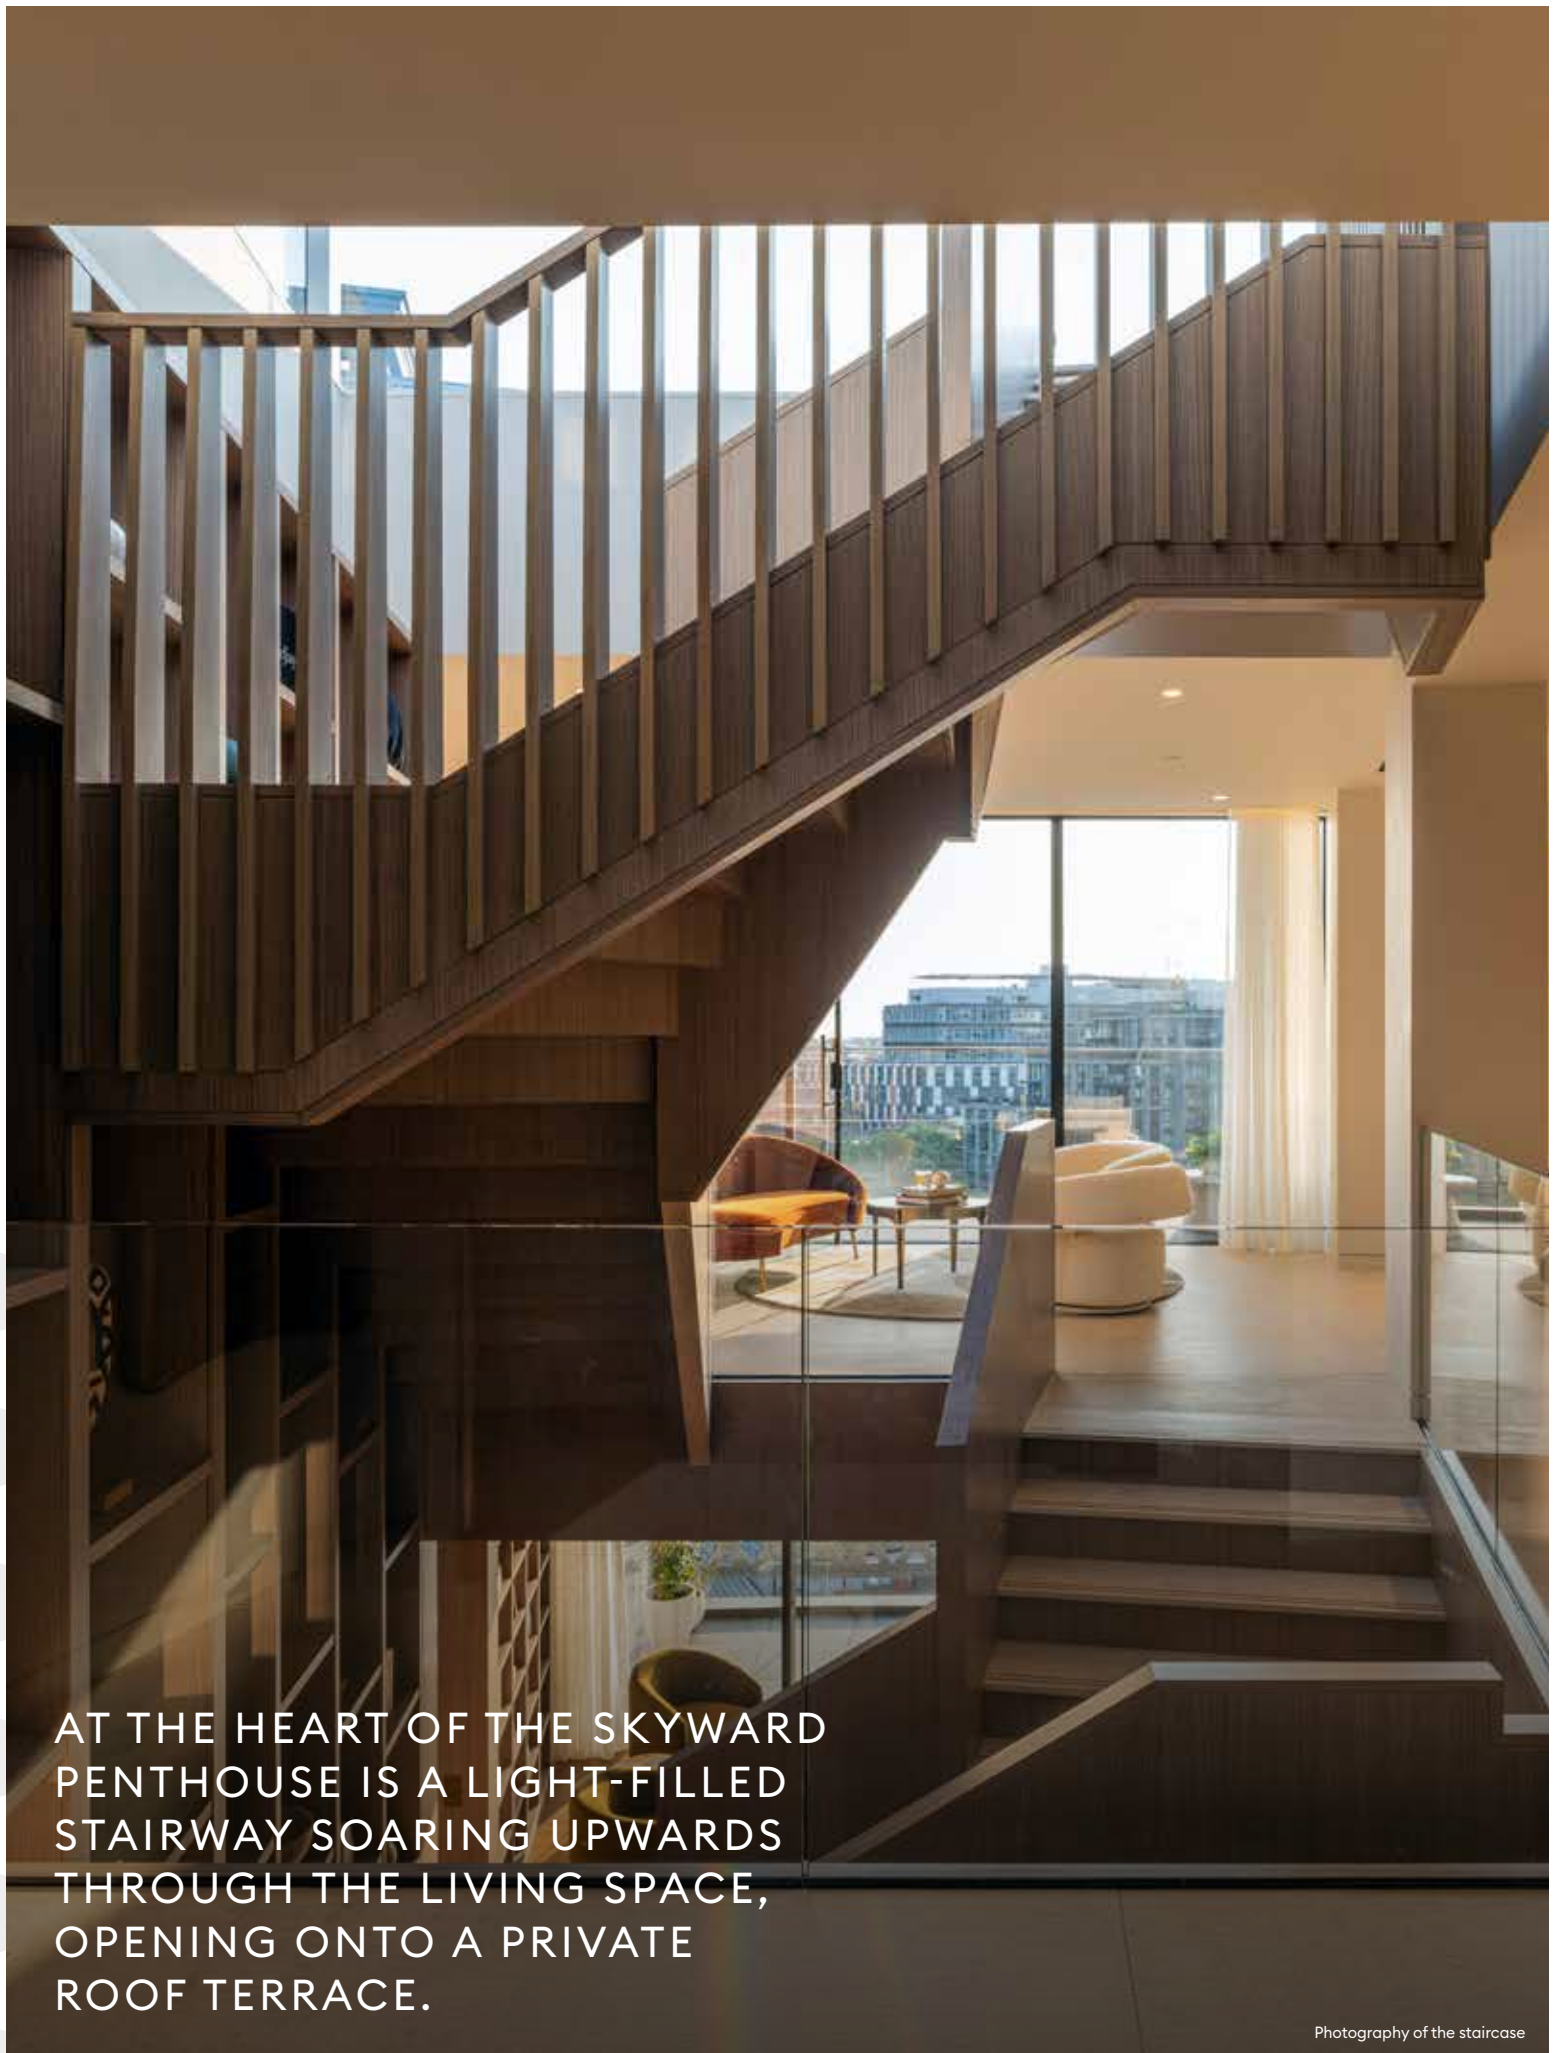

Floor-to-ceiling glazing

Designed to accentuate the views and light to maximise space and functionality. The floor-to-ceiling glazing enhances the flowing spaces, always with a connection to the outside, and views of London from this iconic position in King's Cross.
